The "TRIANGLE" Forum aims to enhance the visibility of research performed by universities and strengthen their impact on policy development in the field of research and innovation of the Republic of Moldova on national and international levels. A broad understanding of innovation will be applied, which covers not only technology-related issues, but the entire innovation process, including topics such as finance, human resources or internationalisation. Additional attention will be paid to the identification of funding sources for R+D+I activities and to facilitate the access to financial resources for the realisation of innovative SMEs projects in order to stimulate innovative start-ups in Moldova and their internationalisation.

- Moderator:** Liliana CONDRATCHI, cercetător științific, Institutul de Cercetări Economice și Studii Europene, ASEM
- 14:00 – 16:30** Seminarul științific – OPEN SCIENCE vine să popularizete conceptul de “Știință deschisă”, acest concept este una din cele 3 priorități strategice ale Comisiei Europene. Astfel, în 2015, Comisia Europeană a identificat cinci domenii de potențiale acțiuni de politici, pentru a susține dezvoltarea Științei Deschise în Europa. Intervențiile potențiale se bazează pe presupunerea că Știința deschisă va duce în cele din urmă la dezvoltarea unei științe mai bune, prin sporirea credibilității (abordând integritatea științifică), încrederii (verificare mai bună și mai transparentă a datelor), eficienței (evitarea suprapunerii resurselor) și receptivității la provocările societale.

STUDENT CONTEST: STUDENT TODAY, ENTREPRENEUR TOMORROW, XTH ed. (room 303)

Moderators: Angela SOLCAN, decan Facultatea Business și Administrarea Afacerilor, Academy of Economic Studies of Moldova
Nicoleta BULAT, studenta, anul II, Facultatea Business și Administrarea Afacerilor

La bază concursului economic stă mini-jocul antreprenorial „Întreprinzătorul de fier”. Datorită atmosferei sale dinamice și realiste, jocul se bucură de popularitate continuă în rândul tinerilor antreprenori.

Descriere:

- Studenții formează 14 – 16 echipe a câte 4-5 persoane. Echipelor li se propune o situație (o problemă sau o tehnologie inovatoare) care trebuie s-o dezvolte și s-o transforme într-o idee de afaceri.
- În timp de o oră, generând mai multe idei de afaceri, echipele evaluează oportunitatea acestora și aleg ideea cu cel mai mare potențial comercial. Urmează dezvoltarea modelului de afaceri și elaborarea unei prezentări pentru membrii juriului.
- După o scurtă pauză, participanții vor prezenta ideile lor de afaceri juriului format din întreprinzători și profesioniști avizați în domeniul antreprenoriatului.
- Câștigătoarea este declarată cea echipă a cărei idee de afaceri va fi originală, inovatoare, iar prezentarea cea mai convingătoare și interesantă.

Partenerii concursului:

- Centru pentru Instruire și Consultanță în afaceri (MACIP)
- Junior Chamber International - JCI Moldova
- Organizația pentru Dezvoltarea Sectorului IMM (ODIMM)
- State Agency on Intellectual Property (AGEPI)
